

# ASYLUM PRESENTS

# BERGHEL MENTAL HOSPITAL

## Rules

**"Asylum presents Berghel Mental Hospital"** is a first-person horror experience that includes actors who create particularly intense situations of fear and fright.

The situations, sudden and unexpected, take place in dark environments, through stairs and confined spaces. Sound effects, strobe lights, smoke, and scenic elements can cause disorientation in more sensitive individuals, including those prone to photosensitive epilepsy.

The actors are authorized to touch the guests and perform staged "tortures" on them, during which they may get dirty or wet. For this reason, it is recommended to wear clothing appropriate for the situation.

Entry is prohibited to those under 18. Guests participating in this experience will be required to sign a waiver in which they confirm they are in good health and authorize the actors to perform their staged actions while always respecting the participants' safety. Guests are strictly prohibited from reacting against the actors or damaging the scenery and stage props.
